CODE ASSESSMENT: Restaurant Site

<div style="border:1px solid #aaa; display:inline-block; padding:8px 16px;">**Submit Assignment**</div>

Due No Due Date   **Points** 10   **Submitting** a website url or a file upload

In this assessment, you will create a small three-page website for a restaurant. You are required to implement the site according to the wireframes found below.

> You will do a code review of the full Restaurant Site in class during the first week so make certain you've saved this to your repository when you're done.

Requirements

1. The site and pages must be laid out to match the wireframes below.
   (**Note: The elements do not need to be centered but there does need to be a logical and cohesive arrangement of the required information in each wireframe on your pages.**)
2. You must create a name for the restaurant.
3. You must supply a fictional address and phone number for the restaurant.
4. You must supply a picture for the restaurant home page.
5. You must supply a description of the restaurant.
